## The Importance of Holding the Local Republican Party Accountable

Accountability is necessary for a thriving democracy. At the county and state levels, political parties significantly impact policies that shape our very own communities, making it crucial to hold our elected officials accountable. This applies to the local Republican Party, which has become weaker and irrelevant over the last few decades. Ensuring transparency, ethical governance, and responsiveness to the public's needs should be a priority for citizens who care about the direction of their communities.

Now that we have President Trump set to be our next President it is time to focus our energies in making San Diego Great Again! We need to become more involved with the Republican Party of San Diego County. Many of us have stopped supporting the Party either by attendance or monetarily because they have been ineffective in supplying quality candidates and offer little support for those who do decide to run. However, 2024 has ended with new RPSDC leadership and Central Committee members that may offer a path to revamping the Party's mission "to support the election of Republican candidates to office."

The Republican Party of San Diego County meets on the 2<sup>nd</sup> Monday of each month at the Legacy Hotel off of Hotel Circle. Meetings are open to all and free to attend but you must RSVP. <https://sandiegorepublicans.org/>

"This is where Republican activists, candidates, elected officials, vendors, and business leaders get together to network, hear from interesting speakers, and learn how to advance our proud, conservative principles by electing and re-electing Republicans to all levels of local government."

President: Melinda Winship | [info@rbrepublicanwomen.org](mailto:info@rbrepublicanwomen.org)

Continued ...

“Do. Not. Miss. These. Events. They are the place to be for all patriotic Americans who believe in constitutionally limited government, personal responsibility, the free enterprise system, secure borders, faith & family, lower taxes, a strong national defense, and protecting the most vulnerable among us, including the unborn”.

**If Republicans, you and me, want to end the super majority of Democrats in Sacramento we have to become involved, AT THE LOCAL LEVEL! We have an opportunity and obligation to hold the Party and those who attend including the activists, candidates and elected officials accountable. Regular engagement with the party can drive meaningful change. It prevents unchecked decision-making and ensures that leaders stay committed to their platform's promises.**

**Accountability strengthens trust in the political process. When local Republican officials are challenged to explain their policies or actions, it fosters transparency and builds credibility. Civic engagement with local Republican organizations encourages a culture of informed dialogue and cooperation. By attending meetings, raising concerns, and supporting candidates who prioritize ethical leadership, citizens can help steer the party toward policies that benefit everyone. Accountability ensures good governance and also safeguards the values that underpin a fair and functional society.**

**And it's up to us to make it happen!!**

**Melinda**

# IN OTHER NEWS...

Judy Simeroth – Central Committee Member - District 2

## What's New in the San Diego Republican Party ...

In 2025, we witnessed the return of Donald J. Trump to the political scene. Locally, on December 9, 2024, the San Diego County Republican Party made a significant impact with the swearing-in of its newly elected Republican Central Committee, of which 40 out of 45 members are brand new. Paula Whitsell resumed her role as Chair, supported by a new Executive Board that includes Alana Sorenson as 1st Vice Chair, Kristie Bruce-Lane as 2nd Vice Chair, William "Bill" Exeter as Treasurer, and Dan Bickford as Secretary.

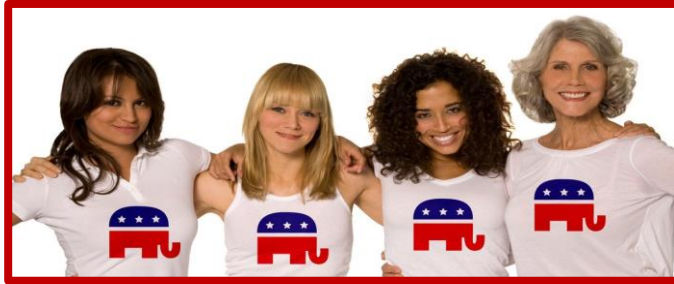

We hit the ground running, completing a financial assessment and developing a budget aimed at eliminating unnecessary expenses while reorganizing the party. Our coalition partners—including the Lincoln Club, San Diego Gun Owners, and Reform CA—are on board with this reorganization and are jointly hosting the inauguration event on January 20, 2025. The celebration will take place at the Legacy Hotel in Mission Valley.

Our goal is to restore the party to its former strength and vitality. While it will take time, we have made a solid start, and we invite you to join us in supporting the party once again on January 20, 2025. The celebration will take place at the Legacy Hotel in Mission Valley.

# LEGISLATION

Patti Hime | Legislation Chair

The California legislature never disappoints. 2025 will see nearly 1,000 new laws in effect.

Lawmakers passed about 1,200 bills in 2024 and Gov. Gavin Newsom vetoed 200 of those.

<https://calmatters.org/politics/2024/12/california-new-laws-2025/>

Some highlights that I find interesting are listed below. Please read the attached article to get more.

**AB 2863** — Simplifies the "click to cancel" option for subscriptions to services. Requires businesses to receive consent from consumers for automatic renewal or continuous services. This will apply to contracts entered into, amended or extended after July 1, 2025.

**AB 3216** — Requires school districts to come up with plans to limit or restrict student smartphone use by 2026.

**AB 1955** — Prohibits school districts from creating policies that require teachers to inform parents if their child identifies as transgender or requests to be identified by a different name or pronoun at school

**SB 905** — Removes a loophole that requires a vehicle's doors to be locked in order to prosecute auto burglars. Forcible entry is now enough to prove the crime of auto burglary.

### Proposition 36!

**AB 2943** - Allows law enforcement to stack the value of property stolen by criminals from different victims or in different counties in order to reach the felony grand theft threshold of \$950. Also allows an officer with probable cause to arrest a person for shoplifting, even if the act did not take place in the officer's presence. Also creates a new felony punishable by up to three years in jail, for possessing more than \$950 of stolen goods with intent to sell, exchange, or return the goods.

**AB 1821** — Requires public curriculum to include instruction on California's treatment of indigenous peoples during the Spanish colonization of the state and the Gold Rush Era.

**SB 1174** — Prohibits local governments from requiring voters to show ID at polling places.

**SB 960** — Requires Caltrans to incorporate complete street elements, such as bike lanes, sidewalks, and transit facilities, into its planning and projects.

**AB 1780** — Prohibits private universities and colleges from making admissions decisions based on an applicant's relationship to a donor or alumni. This takes effect in September.

Jan Stewart, VP of Political Activities

I wrapped up 2024 by attending Charlie Kirk's Turning Point USA AmericaFest from 12/19 to 12/22/24 in Phoenix. Over 21,000 people, including 6,000 students, listened to 51 speakers with topics ranging from Faith, Legislation, Health, Finance/CBDC, Media, Journalism, Civil Rights, History, Election Integrity and lots of Politics! TPUSA has chapters in 1000+ college campuses, 1200 high school campuses and has a presence at 3500 more campuses that are not yet sanctioned. The future is our children.

Just the first night we heard from Charlie Kirk, Ben Shapiro, Dr. Ben Carson, Steve Bannon, Donald Trump Jr. and Tucker Carlson!

The second day had morning breakout sessions for the students on topics such as Faith in Action, The Mom Vote, Gen Z, a deep dive into the Election Results, Blue Collar Conservatism, Blexit and Lexit (gaining the Black and Latino vote), the Revolution in News, Dismantling DEI on campus, Voter Registration (featuring the amazing Scott Pressler)

Sebastian Gorka spoke on Counterterrorism

Roger Stone said we're entering the Golden Age

James O'Keefe discussed CJF- his Citizen Journalism Foundation and introduced several key whistleblowers

Steve Hilton suggested we Make California Gold Again by "getting rid of the guy with all that hair and maybe elect a guy with no hair" in 2026, teasing his own run for Governor?

General Flynn warned us not to declare victory yet, DJT has not yet been inaugurated and this is not about just one person, but is a national movement to conservatism

Jack Posobiec reminded us that "No One Is Above the Law". That line may haunt Dems!

Benny Johnson entertained us with dizzying recap of the last 4 years and then had us stand to do the largest Trump Dance in history. If you don't follow him, you should!

Jan Stewart, VP of Political Activities

Continued:

Gary Brecka, Leila Centner and Nicole Shanahan (RFK Jr's running mate) spoke about Making America Healthy Again

Patrick Bet David says the biggest loser on 11/5 was Barack Obama

Patti Morin told the heartbreaking story of her daughter Rachel Morin who was murdered by an illegal alien. (President Trump called her to the stage again on Sunday when he spoke)

Kari Lake, Sen. Markwayne Mullin, Byron Donalds, Matt Gaetz, Ted Cruz, Andy Biggs, Eli Crane, Atty General Ken Paxton, GOP Chair Michael Whatley all spoke about our political system and Election Integrity

Glenn Beck gave a great talk about America's History and the meaning of the Pledge of Allegiance.

On the final day Paul Perez, President of the National Border Patrol Council assured us that they will 100% back President Trumps agenda, "morale is through the roof!". Many of the 18,000 agents who were planning to retire after suffering under the Biden Administration are now planning to stay!

The list of speakers ended with an emotional speech by Tom Homan who explained the reasons for his passion to close down the border and stop the cartels from trading in drugs and human trafficking. His stories of young girls he has found on the routes had many, including himself, in tears. He is a very good man and happy to be The Border Czar

Finally, the big moment arrived when President-elect Donald J Trump took the stage. He laid out his plans for the future, encouraged the young people to get involved and educate their peers, and thanked those that are putting him back in the White House to complete his agenda. Of course he wrapped up with his promise to Restore, Rebuild and Fight. He will Make America Powerful, Wealthy, Healthy, Strong, Proud, Safe and Great Again!

Welcome to 2025!

FYI 4Corners4Freedom will begin our Sunday rallies again on 1/5/25. We will be at Pomerado and Twin Peaks from 10:30-12:30 the First Sunday of each month. We're also doing a special rally on Sunday 1/19/25 to celebrate the inauguration on 1/20/25. Come by and celebrate!

We collected 30 more toys in the weeks following our meeting. These were delivered to the warehouse in Vista, operated by the Foundation for Women Warriors. Some of the additional gifts were: a 21" guitar, Water blaster, Monster Jam trucks, Push and Play alligator, Crystal growing kit, T.Rex Fossil building kit, Caterpillar tractor, Spiderman action figures, Barbie dolls, a Slide and Play Piano phone, Flash Superfriend, Mini Monster Jam trucks, Royal Diana doll, a fishing game, Cobra Loop track set. Table top Target Trivia set, Jewelry Designer case and beads, 100 Games Boredom Buster Box, SpongeBob SquarePants Desktop Pinball. We also had cash donations of \$150.00 and some girl's clothing.

Toys and clothing were handed out on December 21st. Mothers and children came to the warehouse to pick up toys, play games, share cookies and cocoa. The staff and other volunteers were there to help hand out gifts. Prior to the event, parents let the Foundation know the age of their children and what their child desired from Santa. Volunteers had packed pre-selected toys in to large plastic bags, with each family's name on the bag. This allowed the parent to keep the toys hidden until Christmas.

# AMERICANISM

Submitted by Julie Carlson

## **“The Importance of Teaching History”**

**In Ronald Reagan’s Farewell Address as President in January 1989, he asked if we’re doing a good enough job teaching our children what America is and what she represents in the long history of the world. He talked about the different America that children were taught prior to the mid-sixties. We were taught, very directly, what it means to be an American and we absorbed, almost in the air, a love of country and an appreciation of its institutions. Children got it from their family, from the neighborhood, from the father down the street who fought in Korea, and from school. Movies and TV celebrated democratic values and reinforced the idea that America was special.**

**Now our culture has changed radically, and well-grounded patriotism is no longer the style. We need to do a better job of teaching that America is freedom – freedom of speech, freedom of religion, freedom of enterprise. We’ve got to teach history based not on what’s in fashion but what’s important – why the Pilgrims came here, who Jimmy Doolittle was, and what those 30 seconds over Tokyo meant.**

continued on page 18

# AMERICANISM

Submitted by Julie Carlson

**continued:**

**American school children today learn 2 things about Thomas Jefferson: that he wrote the Declaration of Independence and that he was a slaveholder. This is a stunted and dishonest teaching about Jefferson. They don't learn that when our nation first expanded, it was into the Northwest Territory and that slavery was forbidden in that territory. They don't learn that the land in that territory was ceded to the federal government from Virginia, or that it was on the motion of Thomas Jefferson that the condition of the gift was that slavery in that land be eternally forbidden. The astounding thing is not that some of our Founders were slaveholders. There was a lot of slavery back then, as there had been for all of recorded time. The astounding thing – the miracle even – is that these slaveholders founded a republic based on principles designed to abnegate slavery.**

**To present young people with a full and honest account of our nation's history is to invest them with the spirit of freedom. It is important to teach them that the people in the past, even the great ones, were human and had to struggle. By teaching them that, we prepare them to struggle with the problems and evils in and around them. Depriving the young of the spirit of freedom will deprive us all of our country. It could deprive us, finally, of our humanity itself. This cannot be allowed to continue. It must be stopped.**
